

Custom Blazed Gratings

High Performance Gratings Built to Your Specifications!

Your single source for custom design, prototyping and manufacturing.

Advantages Include:

- **Optical Design:** Custom-designed high performance blazed gratings.
- **Exceptional Performance:** >90% diffraction efficiency with low stray light.
- **Development Flexibility:** Unique manufacturing technology allows for unique state-of-the-art grating solutions.
- **Repeatable Performance:** Replication provides consistent part-to-part performance throughout your product's life cycle.
