

# Custom Blazed Gratings

## High Performance Gratings Built to Your Specifications

High Blaze Angle Grating, 300nm Pitch

Blazed Grating, 400nm Pitch

Blazed Grating, 5.2 µm Pitch

## YOUR SINGLE SOURCE FOR CUSTOM DESIGN, PROTOTYPING, AND MANUFACTURING

### Advantages include:

- **Optical Design:** Custom-designed, high performance blazed gratings
- **Exceptional Performance:** >90% diffraction efficiency with low stray light
- **Development Flexibility:** Unique manufacturing technology allows for unique, state of the art grating solutions
- **Repeatable Performance:** Replication provides consistent part-to-part performance throughout your product's life cycle.
