

# Custom Slanted Gratings

## High Performance Gratings Built to Your Specification

## YOUR SINGLE SOURCE FOR CUSTOM DESIGN, PROTOTYPING, AND MANUFACTURING

### Advantages include:

- **Optical Design:** Custom-designed, high performance slanted gratings.
- **Exceptional Performance:** >90% diffraction efficiency with low stray light.
- **Development Flexibility:** Unique manufacturing technology allows for unique state-of-the-art grating solutions.
- **Repeatable Performance:** Replication provides consistent part-to-part performance through your product's life cycle.
